Ocean Rhyming

A rhyming poem about the ocean?
Mum said "That's a silly notion!"

"What on Earth rhymes with barracuda?"
"Not on Earth mum, think more 'scuba'"

"I'll leave you to it!" she scoffed at me,
Like a grumpy manatee.

To rhyme a name like 'nudibranch'
Seems quite impossible to be frank.

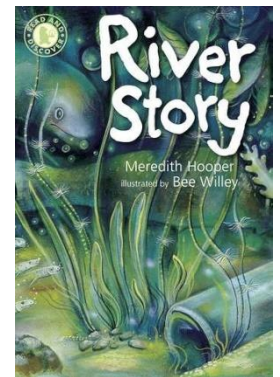

And then there's stuff like 'velvet crab'
I'm not sure that I've got the gab.

Leafy sea-dragon, slipper lobster,
A linguistic, poetic impostor.

I just love the wonders of the sea,
Isopods, cephalopods, irukandji.
