RE SYLLABUS FOR CHURCH SCHOOLS

In Voluntary Aided Schools the management of Religious Education is a distinctive role of the governors and head teacher. RE must be provided in accordance with the school's Trust Deed and in accordance with the rites, practices and doctrines of the Church of England. The Governing Body as a whole is responsible for determining the nature of Religious Education provided in its school.

At Tarleton Mere Brow C. of E. Primary School Governors of a Voluntary Aided School adopt the Blackburn Diocesan Board of Education Syllabus for RE which fulfils all legal requirements and the RE Statement of Entitlement from the Church of England Education Office 2016. The core Syllabus is 'Questful RE Creative and Challenging' revised 2017 and supported by the 'Understanding Christianity' resource. Although Religious Education and Collective Worship naturally compliment and enrich one another they are managed separately. The RE policy should be read alongside the Worship policy.

Religious Education in a Church School lies at the very heart of the curriculum.

At Tarleton Mere Brow C. of E. the pupils and their families can expect a religious education curriculum that is rich and varied, enabling learners to acquire a thorough knowledge and understanding of the Christian faith. We provide a wide range of opportunities for learners to understand and to make links between the beliefs, practices and value systems of the range of faiths and world views studied. We use an investigative, questioning approach that engages with, for example biblical text, and helps develop religious and theological literacy. There are strong links with the Christian values of the school and spiritual, moral, social and cultural development are intrinsic to the RE curriculum and should have a significant impact on learners. Based on RE Statement of Entitlement: The Church of England Education Office 2016

“Christianity should be the majority study in RE in every school. In Church schools that should be clearly adhered to. KS 1 – 3 at least 2/3rds of RE curriculum is to be Christianity. Sufficient dedicated curriculum time, meeting explicitly RE objectives, however organised, should be committed to the delivery of RE. This should aim to be close to 10% but must be no less than 5%.” RE Statement of Entitlement: The Church of England Education Office 2016

At Tarleton Mere Brow C. of E. an average of one and a half hours per week of curriculum time will be devoted to the teaching of RE. This will include distinct syllabus lessons plus teaching related to the Christian Gospel values. As we adopt a creative approach to RE learning there will be cross curricular links with Literacy, PSHE, Art, Drama and Music. Of this curricular time 80% will be devoted to the Christian faith and 20% to Non-Christian Faiths.

The aims of Religious Education in Church Schools are:

- To enable pupils to know about and understand Christianity as a living faith that influences the lives of people worldwide and as the religion that has most shaped British culture and heritage.
- To enable pupils to know and understand about other major world religions and world views, their impact on society, culture and the wider world, enabling pupils to express ideas and insights.
- To contribute to the development of pupils’ own spiritual/philosophical convictions, exploring and enriching their own beliefs and values.

RE Statement of Entitlement: The Church of England Education Office 2016

- Appropriate to age at the end of their education in Church schools the expectation is that all pupils are religiously literate and, as a minimum, pupils are able to:
- Give a theologically informed and thoughtful account of Christianity as a living and diverse faith.
- Show an informed and respectful attitude to religions and world views in their search for God and meaning.
- Engage in meaningful and informed dialogue with those of other faiths and none.
- Reflect critically and responsibly on their own spiritual, philosophical and ethical convictions.

This can be expressed in more detail and distinctively as:

We learn about God who reveals the truth about himself and humanity through creation, the giving of the law, his action in history and through the prophets;

God who reveals himself ultimately in Jesus his Son, living among us and dying and rising for us;

God who reveals himself in his Spirit working in the living faith of the Church experienced through scripture, tradition and reason. We learn from an empathetic response to the Christian faith and a critical engagement with it; responding personally to the stories and teachings of Jesus Christ; Examples of Christian living which give priority to the values of unconditional love, forgiveness, reconciliation, justice, compassion and faith.

Religious Education in Church Schools should also help pupils to:

- learn about other faiths, their beliefs, traditions and practices and from them through encounter and dialogue; recognise and respect those of all faiths in their search for God; recognise areas of common belief and practice between different faiths;
- enrich and expand their understanding of truth while remaining faithful to their own tradition; enrich their own faith through examples of holy living in other traditions.

Religious Education in Church Schools should help pupils to: reflect theologically and explore the ultimate questions and challenges of life in today’s society; reflect critically on the truth claims of Christian belief; see how the truth of Christianity is relevant today; understand the challenge faced by Christians in today’s pluralist and post-modern society; develop the skills to handle the Bible text; recognise that faith is based on commitment to a particular way of understanding God and the world; begin to develop their own commitments, beliefs and values; develop a sense of themselves as significant, unique and precious; experience the breadth and variety of the Christian community; engage in thoughtful dialogue with other faiths and traditions; become active citizens, serving their neighbour and acting as courageous advocates for change; find a reason for hope in a troubled world; understand how religious faith can sustain believers in difficult circumstances and in the face of opposition.

Religious Education in Church Schools should enable:

pupils and teachers to talk openly and freely about their own personal beliefs and practice without fear of ridicule; pupils to make excellent and appropriate progress in their knowledge and understanding of Christianity; pupils from Christian families to talk openly about their beliefs and values in lessons and to grow in their faith; pupils from other faith backgrounds to understand and be encouraged in their faith; pupils with no religious background to be given an insight into what it means to be a person of faith; pupils of all backgrounds to have a safe place to explore the ultimate questions and challenges of life in today's society.

- Develop skills of investigating, expressing, interpreting, reflecting, empathizing, applying, discerning, analysing, synthesizing and evaluating.

Parental Rights of Withdrawal in a Voluntary Aided School.

The Worship and Religious Education provided by Tarleton Mere Brow C. of E. Primary School is in accordance with the Church of England or Methodist Church Foundation. This foundation is also reflected in the curriculum and the whole life of the school community. Since the conduct of the school as a whole reflects the Church of England or Methodist Church ethos, removal of pupils from Worship and/or Religious Education (as parents are legally entitled to do) cannot insulate them from the religious life of the school.'

If such a request for withdrawal is made, the Head teacher will explore the reasons for the request and seek to arrive at an accommodation. It may be that only some elements of Religious Education or Worship are objected to.

Parents may request the governing board to provide Religious Education for their children according to the locally Agreed Syllabus. This can only be requested when parents cannot, with reasonable convenience, arrange for their children to attend another school where Religious Education is provided according to the locally Agreed Syllabus. The governing board should make provision unless the circumstances make it unreasonable to do so. Should the governing board be unable to make such arrangements for Religious Education to be delivered according to the Agreed Syllabus, the responsibility for doing so then falls on the Local Authority. The Local Authority may decide that such a request for separate Religious Education is unreasonable and the parental request then fails.
